

## **Tay Rowing Club**

**From:** Tay Rowing Club Board

**To:** All Members

Dear Member

The Board of Tay Rowing Club have been considering all options to keep the club running as smoothly as possible during the current uncertainty concerning Covid-19. We have decided to follow the advice from Government and by our governing body, Scottish Rowing as set out below.

It is with regret that we have decided that all club organised training and rowing will be suspended with immediate effect. This applies to all group land sessions and all organised water sessions.

We will continue to monitor the situation and current advice, so we can get everyone back on the water as soon as possible.

***The advice being issued is in a current state of flux and therefore should you have any queries please contact Tara Scott ([comms@tayrowingclub.com](mailto:comms@tayrowingclub.com))***

### **Scottish Rowing Statement**

**Scottish Rowing advises suspension of club based rowing until further notice**

**Scottish Rowing has reviewed the UK and Scottish Government moratorium on non-essential contact within new enhanced social distancing rules. We have concluded that rowing falls within this restriction and consequently advise that members refrain from training, competing and socialising within their clubs.**

**Today's announcement follows the decision last week to cancel our Spring Regatta. We will also be cancelling all events, workshops, and courses until the end of April.**

**As a close-knit community, Scottish Rowing seeks to be proactive in protecting the health, safety, and well-being of our community, its members, staff and volunteers. We will be working with our members and stakeholders to review and develop ways we can support the rowing community during this challenging time. We will continue to update you regularly.**
